Hands-on experience coordinating end-to-end delivery of 50+ eBook projects, cross-functional teams, QA validation, Agile workflows, release coordination and international client communication.

CORE COMPETENCIES

Project Coordination • Agile (Scrum/Kanban) • Sprint Planning • Stakeholder Communication • Team Leadership • Project Documentation • Risk & Issue Management • Release Management • QA & Defect Tracking • STLC

PROFESSIONAL EXPERIENCE

Project Coordinator **July 2025 – Aug 2026**

Alphagnito Technologies Pvt. Ltd. | Madurai, Tamil Nadu

- Progressed from Project Coordinator Intern to full-time Project Coordinator, managing end-to-end delivery of 50+ eBook projects.
- Performed functional, regression, responsive, staging, and production validation to ensure quality before release.
- Coordinated release activities, defect tracking, and issue resolution with developers to maintain delivery timelines.
- Led a cross-functional team of 15+ interns and 7 developers, assigning tasks, tracking progress, and resolving blockers.
- Collaborated with international clients to gather requirements, clarify issues, and provide project status updates.
- Participated in Agile ceremonies including sprint planning, daily stand-ups, and sprint reviews.
- Prepared project documentation, Minutes of Meeting (MoM), release reports, and stakeholder updates.
- Supported CRM operations and technical issue resolution for a UK-based property management client.

Business Development **Dec 2023 – Feb 2024**

Grantley Edutech | Bengaluru

- Supported business development activities to strengthen client engagement and drive operational growth.
- Built and maintained client relationships while identifying new business opportunities.
- Managed client communication, operational reporting, and follow-up processes.
- Conducted market research and competitor analysis to inform outreach strategies.
- Coordinated meetings, presentations, and client onboarding activities.

TECHNICAL SKILLS

Languages: Java, Python, SQL, C, C++

Web: HTML, CSS

Testing: Manual Testing, Functional Testing, Regression Testing, Responsive Testing, Smoke Testing

Tools: Playwright (Basic), Postman (Basic), Git & GitHub, Jira, JMeter, Chrome DevTools, Figma, SharePoint, Excel
